DAIRY GOATS

Judge: Mr N Parr, Guilford

Goat Section Chief Steward/Secretary:
Mrs S Head - The Old Tanyard, Pound Pill, Corsham, Wiltshire, SN13 9HT

Incorporating The British Alpine Regional Breed Show and The Anglo-Nubian Show. The Society offer special rosettes.

All entries to be accompanied by CAE negative certificate or monitored herd certificate and sent to the above address.

ENTRIES CLOSE: Friday 15th August 2025

The Show is only able to accept Goat entries from CAE Whole Tested Herds.

The goat classes are held under the rules, regulations and recognition of the British Goat Society. All exhibits must be registered with the BGS as in the ownership and in the name of the exhibitor, the registered name and number being quoted on the entry form. Also kidding date for goats in milk. No entries will be accepted unless CAE blood test results are on BGS submission forms or premium sheep and goat health scheme forms. This is to enable quick and accurate confirmation of the status of the goats attending a Show. Entries for all kids must be accompanied by the necessary valid certificate for their dams. The name of the steward in charge of the goat section shall also be published. Goats must have kidded a minimum of 30 days prior to the show. No pregnant goat may be admitted to the Showground. In the event of an unforeseen kidding or abortion, the goat must be immediately isolated from other goats. Full details of the goat, exhibitor and action taken must be reported in writing by the chief steward to the BGS Secretary immediately after the show. Exhibitors are advised that milk produced at the show should not be fed to goats of any age as this appears to have been a factor in the spread of CAE in the past. Entries will be restricted to goats from herds that are WHOLE HERD NEGATIVE CAE TESTED, within the 12 months prior to the show. Whole herd negative CAE tested means an entire herd in which all animals over 1 year old hold a current negative CAE certificate and all kids must be the progeny of a CAE negative dam. If any herds have had a positive CAE result, they must provide two clear whole herd tests completed since the reactor has been culled. The test must not be more than 12 months apart and not less than 6 months apart. All goats in milk must be kidded or aborted a minimum of 30 days previous to the date of the show. The registered number of any goat initially entered as R.A.F. (Registration Applied For) must be submitted before the goat competes. No pregnant goats will be admitted to the showground.

All goats in milk MUST ARRIVE BEFORE 5.30PM ON FRIDAY 12TH SEPTEMBER 2025 and will be stripped out at 6.30pm to the satisfaction of the chief steward. All exhibitors must report to the steward on arrival. Non-milking animals must be on the showground by 9.30am on show day.

The BRITISH GOAT SOCIETY offers:

- A rosette for the best goat in show
- A challenge certificate for the best goat that has borne a kid
- A challenge certificate for the best inspection/production goat
